

Newswire State Distribution Network

The State network is the most targeted option that offers press release distribution to specific state circuits that include online, local, regional, national, international and industry media outlets.

This Newswire press release distribution option utilizes targeted distribution to top TV, Print, Radio and Digital media outlets in the state of your choice like The Boston Globe, Tampa Bay Times, Houston Chronicle, San Francisco Gate, Philadelphia Inquirer, The Business Journals, and local ABC, NBC, CBS and Fox affiliates. The Newswire State Network also distributes your press release to 550 online national, international and industry media outlets including Google News, Digital Journal, Associated Press, Benzinga and Yahoo! Finance, as well as all the top media outlets in the state of your choice like the Los Angeles Times, Chicago Tribune, New York Times, Wall Street Journal and more.

Designed to penetrate the media market in a specific state, the Newswire State Network is a great option for companies looking to grow awareness and reach media in individual states, while also expanding awareness and SEO through national, regional and industry specific pickups.
