

Continuous Cloud Security and Compliance Assurance

for Microsoft Azure, Amazon Web Services and Office 365

COMPANY

A Gartner recognized cloud security and compliance product company dedicated to identifying and eliminating cloud risks

PRODUCT

Healthcare organizations whether provider, payor, pharmaceuticals, or life sciences worldwide, handling **PHI (Protected Healthcare Information)** with regulated cloud workloads will now be able to get instant visibility into their security posture and enforce compliance with applicable regulations, data protection laws, and security standards using Cloudneeti's Continuous Cloud Assurance platform

CUSTOMERS

Enterprises, Managed Service Providers (MSPs) and Independent Software Vendors (ISVs) in the Healthcare Industry that store and process healthcare data. Decision makers across that span the IT and GRC roles who need to achieve and maintain cloud security controls.

MISCONFIGURED CLOUD IMPEDES DIGITAL TRANSFORMATION

Organizations are challenged to (a) prevent security breaches and (b) prove compliance for public cloud workloads

Source: [Cloud Security Report, Cybersecurity Insiders, 2018](#)

GARTNER RECOMMENDATION

“ Through 2024, organizations implementing a cloud security posture management (CSPM) offering and extending this into development will **reduce cloud-related security incidents due to misconfiguration by 80%**

- Gartner

Offer Overview

PRODUCT CAPABILITIES

Various product capabilities enable proactive management of cloud risks

Single Sign-On

Visibility	Governance	Administration	Integrations
Security Posture	Cloud Security Policies	Users & Roles	Data Feeds
Compliance Posture	Compliance Frameworks	Cloud Accounts	Co-branding
OS Security Policies	Remediations (Auto, Guided)	Scan Frequency	Ticketing
Risk Posture Prioritization	Policy Exceptions	Notifications	CI / CD
Cloud Connectors (Control Plane APIs)			
Azure	Office 365	AWS	Google (roadmap)

Items marked with have limited capabilities as below
 Eligible customers can request for limits to be removed/relaxed for the evaluation period. Offer is subject to change

LICENSE QUOTAS & RESTRICTIONS

Below SKUs indicate the number of cloud accounts pre-allocated per License

Healthcare_1	Includes a total quota of any one (1) cloud account across any cloud connectors.
Healthcare_5	Includes a total quota of any five (5) cloud account across any cloud connectors.
Healthcare_10	Includes a total quota of any ten (10) cloud account across any cloud connectors.

For all SKUs, there's a soft-restriction on the number of resources within a cloud account

Restriction: Azure and AWS - Up to 500 total resources, **Office 365**: Up to 1000 users
