Data Deposit Box: Simple, Smart Protection built for SMB

43% of companies with a major data loss **go out of business.**

Data Deposit Box: Offering Flexible and Cost Effective Solutions

Choose cloud storage or cloud storage plus Smart Storage hardware – both powered by our 'My Data' control portal, accessible on desktop and mobile for immediate remote access. Imagine Initiating a full recovery in seconds from anywhere.

How It Works

The Data Deposit Box backup solution lets you set up, monitor and store data from any computer, server or mobile device – anywhere in the world.

Get started in three easy steps:

- 1**
DOWNLOAD THE SOFTWARE
- 2**
SELECT YOUR BACKUP SETTINGS
- 3**
INITIATE THE BACKUP

Data Deposit Box does the rest. Each time a new file is created or a file is changed, the data is backed up in real time.
