### Search Records

**Search Tips to Get Started:**

- Looking for entity registration records or entity exclusion records in SAM? Use **Quick Search** if you know an entity's Business Name, DUNS Number or CAGE Code. Use **Advanced Search** to structure your search using multiple categories and criteria.
- Are you a Federal government employee? Create a SAM user account with your government e-mail address and log into SAM before searching to see FOUO information and registrants who chose to opt out of the public search.
- Conducting small business-focused research? In addition to what is contained in SAM, small businesses can provide the Small Business Administration (SBA) supplemental information about themselves. Use the [SBA's Dynamic Small Business Search](#) to conduct further market research.
- Trying to find a contractor participating in the Disaster Response Registry? Use the **Disaster Response Registry Search** to locate contractors willing to provide debris removal, distribution of supplies, reconstruction, and other disaster or emergency relief services in the event of a national disaster.

**Choose Quick Search or Advanced Search**

## CAPABILITY STATEMENT

Bigfoot is a General Contractor and Roofing Company that specializes in Emergency Response and Disaster Recovery Construction. We have renovated, roofed and performed permanent and/or temporary construction on thousands of homes, businesses and Government buildings. We have Debris Removal Trucks and Equipment to successfully perform large debris removal contracts. Bigfoot and our team have worked on every type of disaster across the USA and the Caribbean. We have performed all phases of construction such as Debris Removal, Water Extraction/Dry-out & Demolition Services, Emergency Roof Tarping and Permanent Roofing. Our team also has hundreds of quality workers for all phases of construction.

Bigfoot always begins with safety in mind. With OSHA10 and OSHA30 certified employees on staff, we are proud of our safety record. Proper JSA's and Safety tool box talks are essential to a great safety record.

### Project Warehousing & Staging Materials.

Executing a large project with efficiency starts with being prepared. Staffing and bringing in materials for any large project is paramount in the ability to equip yourself and subs with the specific items called for by the work orders.

### Developing Back Office Systems

Every project is different, and Bigfoot has the ability to mold its data collection and back office operations to any given project. Back office systems or (BOS) is one of the most important factors that combines everything together from communication, quality control, scheduling, invoicing, and payroll. We continually update our BOS to meet the requirements of each project.

## Overview

Bigfoot Incorporated is a self performing and self funded emergency restoration and reconstruction service provider in North America and the Caribbean. Our team has a network of employees, and multiple projects per year, we restore personal property, businesses and contract with Government Agencies in recovering from disasters.

## Leadership Experience

All members of our team have multiple years of experience helping communities get back to business. Our teams are fully trained, certified and Insured.

Every recovery mission is different and will have a different road to recovery. We have a vast pool of experts and specialists to draw experience and resources from, assuring you that we are able to properly assess, and develop the right plan that will get you on the best-suited route to recovery as quickly as possible.

Our Team has an extended coverage program that guarantees 100% coverage across the U.S. and into the Caribbean. As a regular course of business, we fluidly mobilize people and resources – branch to branch, region to region and cross borders – when we need to.

This fluid approach to doing business differentiates us in our industry, while creating unmatched abilities to service the unique needs of our customers.

## Caribbean Experience

The experts at Bigfoot have mobilized to support multiple projects in the Caribbean over the last several years, including Puerto Rico, St. Thomas, St. Croix and St. Martin, following hurricanes and other significant weather events.

## Supporting Local Hiring

Mobilization and planning depend on the specifics of each event, infrastructure in place and/or the lack thereof. Our approach is to stay “in place” where possible and hire the employees in the area we are working on. In this manner we help keep people employed and have access to a team who is familiar with the local community.

## Expertise

Our experience in hurricane and other **Emergency Response** work for public authorities and private clients, combined with our experience in complete site construction, gives us a distinctive edge. We understand the challenges involved with storm weather, massive crew and trucking coordination, material management and debris disposal, as well as environmental concerns and administrative burdens.

We manage and perform emergency relief and re-construction work for the immediate and long-term infrastructure necessities. We have the ability to deploy numerous Debris Removal, Demolition & Hazardous Material Crews on a short notice as well as operate multiple Temporary Debris Storage and Reduction Sites (TDSRS). Our Mechanical Division responds to any field repair needs to ensure continuous operations and we utilize our existing vendor network and reliable partnerships for material supplies.
