

## Antenna Permanent Mounting Plate for 2015 Chevrolet Silverado 3500 Truck VMP-AM-GM-SLVD-2015-3500

### VMP-AM-GM-SLVD-2015-3500 Mounting Plate for Antennas

**Type:** Mounting Plate  
**Compatible Truck Models:** 2015 Chevrolet Silverado 3500  
**Frame Material:** Aluminum  
**Mounting Plate Material:** Aluminum  
**Bracket Material:** Aluminum  
**Weight:** 3 lb  
**Windload:** Highway Speeds  
**Weight Capacity:** 20 lb  
**Installation:** Via Rear Cab Lights  
**Seal:** Weatherproof  
**Compatible Spotlights:** Any Permanent Mount Antenna of up to 20 lb

### Ratings/Features:

Durable Construction  
Aluminum Mounting Plate & Bracket  
Works with Most Antennas  
Weatherproof Seal  
Made in the USA

### **Made in Texas**

The VMP-AM-GM-SLVD-2015-3500 from Larson Electronics is a Permanent Antenna Mounting Plate that allows operators to install up to four antennas on their 2015 Chevrolet Silverado 3500 aluminum body pickup trucks without drilling any holes. This antenna mounting plate is ideal for law enforcement, DOT workers and anyone else who needs to easily mount an antenna, but doesn't want to drill holes in their truck. This lightweight mounting plate allows operators to mount antennas on their trucks without drilling into the body of the truck itself. This mounting plate can support antenna arrays of up to 20 lb. The VMP-AM-GM-SLVD-2015-3500 features four predrilled 1/2" holes for antenna mounting and is compatible with 2015 Chevrolet Silverado 3500 aluminum body pickup trucks .

The VMP-AM-GM-SLVD-2015-3500 is constructed in Texas from durable

aluminum for the frame, brackets and the mounting plate surface. This mounting plate has been designed for 2015 Chevrolet Silverado 3500 aluminum body pickup trucks and offers operators a sturdy and reliable platform to deploy permanent mount CB antennas, radio antennas and antennas from other equipment on the top of their truck for optimal performance. The VMP-AM-GM-SLVD-2015-3500 is installed via the rear cab lights and has a weatherproof seal on the back side for secure, dry installation and protection against scrapes to the body of the truck. The mounting plate requires absolutely no drilling for installation and is powder coated for added durability, can support up to 20 lbs and is offered in a black, white, or grey finish. The VVMP-AM-GM-SLVD-2015-3500 also features a windload okay for highway speeds. (User provided equipment may vary.)

**Installation of Lights/Equipment:** The VMP-AM-GM-SLVD-2015-3500 comes predrilled with four 1/2" holes that allow for the secure mounting of various antennas. Depending on the number of holes required for mounting various types of antennas, this mounting plate can hold up to four antennas. Then the entire assembly can be mounted to the truck via the third brake light as explained below.

**Truck Installation:** The VMP-AM-GM-SLVD-2015-3500 is easy to install and requires absolutely NO drilling to mount to the truck. This mounting plate installs via the 3rd brake light on 2015 Chevrolet Silverado 3500 aluminum body pickup trucks between the body of the truck cab and the light. Operators simply remove their 3rd brake light, position the mounting plate bracket and reinstall the light through the bracket.

Having a reverse camera in the third 3rd brake light (NOT in the tailgate or bumper) will change the mounting bracket design. Those with a camera must choose the "camera" option in order to get the correct design. Please choose the appropriate option below.

**\*Please note that the VMP-AM-GM-SLVD-2015-3500 is designed for trucks with incandescent 3rd brake lights ONLY. Operators with LED 3rd brake lights will require the [VMP-AM-GM-SLVD-2015-3500-LED](#). Incandescent mounting plates and LED mounting plates are NOT interchangeable.\***

Steel Body

VMP-AM-GM-SLVD-2014-1500 Aluminum Plate For Mounting Permanent Mount Antennas

**Applications:** Hunting, fishing, off-roading, property management, security, search and rescue, farming operations, law enforcement, DOT and any other applications for which a roof mounted antenna is needed for 2015 Chevrolet Silverado 3500 (including GMC Sierra, same trim packages) aluminum body pickup trucks.

At Larson Electronics, we do more than meet your lighting needs. We also provide replacement, retrofit, and upgrade parts as well as industrial grade power accessories. Our craftsmen can custom build any lighting system and/or accessories to fit the unique demands of your operation. A commitment to honesty, quality, and dependability has made Larson Electronics a leader in the lighting and electronics business since 1973. Contact us today at 800-369-6671 or message [sales@larsonelectronics.com](mailto:sales@larsonelectronics.com) for more information about our custom options tailored to meet your specific industry needs.
