

Organizational Change

Intland Software strengthens leadership by Naming Housseem Ben Abderrahman as Vice President of Worldwide Sales

Stuttgart, Germany, July 23rd

In response to record growth in the first half of 2020, Intland Software has strengthened its leadership team by naming Housseem Ben Abderrahman as Vice President of Worldwide Sales. Housseem will have direct responsibility for all customer-facing employees at Intland to help Intland's customers in adopting an Agile and innovative development approach. Housseem joined Intland Software in July 2019. He brings more than 18 years of sales experience within the software industry to Intland.

As part of this leadership change, Andreas Pabinger has been named Vice President Automotive leading Intland's growth acceleration initiative within the automotive market. With the recent addition of one of the largest German automakers, Intland now serves all major German OEMs. This new team will focus on strategic cooperation with leading OEMs and automotive suppliers to accelerate innovation, digitalization, and industry convergence towards future mobility and sustainability. Andreas joined Intland Software in November 2016. He brings more than 24 years of senior management experience within the software and hardware industry to Intland.

About Intland Software

Intland Software is the developer and vendor of industry-leading software tools for the delivery of safety-critical technology. The company's flagship products codeBeamer ALM and Intland Retina are fully integrated end-to-end Application Lifecycle Management software platforms with regulatory compliance support. The recently released Intland Retina provides all-in one requirements, risk, and test management capabilities with digital quality management and audit control support for regulated industries. Intland Software's tools help reduce the time, risks, and costs of product innovation and regulatory compliance.
