

# Take Your Learning Experience to a Higher Level

Developed to strengthen communication and listening for older students, the AE-75 headset promotes focus and engagement

## The next step in our suite of learning headset audio devices

The sleek new AE-75 headset is the perfect choice for education, 1:1 learning, state testing, office, remote working, video conferencing, gaming, podcasts, music and more. Staying connected is critical to thrive in any environment. With the new AE-75, that connection is strengthened.

- Universal functionality across leading devices, communication platforms and learning applications.
- Deluxe ear padding comfortably surrounds the ear for extended comfort, while maximizing noise reduction for a distraction-free experience.
- Boom microphone with flexible arm reduces background noise and remains in perfect position.
- In compliance with safety certifications

### Who We Are

Founded in 1953, AVID is a 100% employee-owned company devoted to developing mindful audio solutions designed to enhance life's experiences. We believe being there for our partners and customers every step of the way is what leads to success.
