WEBB-RITE SAFETY SELECTED AS AUTHORIZED DISTRIBUTOR OF PETROVAC PRODUCTS

[CANTON, GA] PetroVAC, LLC announces its selection of Webb-Rite Safety, Inc. in Port Allen, LA as an Authorized Distributor of PetroVAC Eco-Friendly Absorbent products. "We are excited about Webb-Rite Safety joining the PetroVAC distribution team. It is a great fit that will enhance Webb-Rite's product line and reputation as a value-added solution provider," said Ed Reel, President & CEO of PetroVAC.

Webb-Rite Safety is an industry leading manufacturer and distributor of advanced fall protection equipment and engineered systems. Don Miller, President, Webb-Rite Safety says, "Expanding our product line with PetroVAC enables us to provide a TOTAL fall protection solution whether workers are in the air or on the ground."

Webb-Rite Safety's goal was to select the best absorbent on the market. "We tested and evaluated a number of absorbents. The PetroVAC advantage in performance, quality, and value was clear and made our decision easy. We are excited to introduce PetroVAC to our clients and industries we serve," said Mr. Miller.

About PetroVAC

PetroVAC is a 100% organic and environmentally friendly oil, fuel, and chemical absorbent that will cleanup a variety of toxic substances on BOTH water and wet/dry surfaces. It is all natural, non-toxic, water repellent, and landfill friendly. PetroVAC's superior absorption rate REDUCES usage, waste, cleanup time, and disposal cost – saving time, labor, and money across all areas of spill management.

Save Money and Protect the Environment

- 100% Organic
- High Absorption
- Non-Toxic
- Less Usage
- Less Waste
- Less Disposal Cost
- No Messy Cleanup
- Landfill Friendly
