

# Healthcare Sanctions & Licensing Risk Data & Monitoring Driven by Artificial Intelligence

**VITAL4MED™** is the next generation of healthcare sanctions and licensing data collection technology. VITAL4's technology platform is state of the art, built on world class cloud architecture and uses Artificial Intelligence and proprietary algorithms for name search matching and data extraction to ensure users receive only the most relevant information on any individual or entity searched. Results are instant!

**VITAL4MED™** utilizes the subject as entered to assist in identifying records missed by legacy providers due to name changes, nicknames, spelling errors, partial names, and more to ensure you don't miss critical information and put your client or organization at risk.

**VITAL4MED™** Healthcare Sanctions & Licensing Risk Data searches all available federal and state level sources to provide sanctions, exclusions, debarments, disciplinary actions and negative licensure status to ensure the most compliant search available at all times.

**VITAL4MED™** searches for potential matches from all state and federal sources including but not limited to:

- ✓ OIG
- ✓ SAM.GOV
- ✓ DOJ
- ✓ DEA
- ✓ FBI
- ✓ CMS Centers for Medicare and Medicaid Services
- ✓ FHEP Federal Healthcare Entitlement Program
- ✓ State contractor debarment lists
- ✓ Attorney General news
- ✓ Medicare Medicare/Medicaid opt out lists
- ✓ HEAT task force news

And much more...

[vital4.net](http://vital4.net)

- ✓ Access **VITAL4MED™** using:
  - Simple technology integration via API
  - Cloud-based User Interface

*No spreadsheets or translating rows of data...*
- ✓ Intelligent Monitoring – **VITAL4MED™** will continuously monitor individuals and entities with real-time alerts if new information on the subject is identified. This cutting-edge solution will never deliver old records once the user has performed verification; alerts are automatically initiated if a source or existing result record has changed.
- ✓ Comprehensive Coverage: **VITAL4MED™** constantly captures records from nearly 5,000 sources to bring you the latest and most accurate information in real time.
- ✓ Proven exceptional customer service.
- ✓ Dedicated Account Manager for instant access to assistance 24/7.
- ✓ All **VITAL4MED™** Account Managers have special training and expertise in verifying results and can help you minimize risk.
- ✓ System response turnaround time is instantaneous to accommodate high volume compliance screening.
- ✓ VITAL4 provides accelerated SLA's that exceed user expectations.
- ✓ Expert in-house medical sourcing analysts who continuously monitor and update sources.
