WHAT OUR CLIENTS HAVE TO SAY

Someone on Your Side

"We wouldn't be here if it wasn't for Altieri and I'm very grateful for them. If you are a property manager and have a claim, get someone on your side immediately. This is real life and I would never go into another claim without using a Public Adjuster, and I wouldn't use anyone else besides Altieri." - Doug Counts, Association Manager for Seychelles Owners Association, Panama City Beach

Expert Involvement

"I'm not sure there's any way we could have ever imagined getting the kind of results that we did. Trying to do this on our own would have really ended up with something far less substantial than what we received. At the end of the day, there's no way we would have ended up in the position we're in today had we not had their expertise involved." - Joey Cope, Community Association Manager for Vanderbilt Country Club, Naples, Florida

Fastest Recovery

"This recovery was the fastest recovery we've ever had. The Altieri's were the most helpful in that process. Just like any profession, there are a myriad of public adjusters, however, I recommend Altieri. They did what they said they would do. When you are considering hiring a public adjuster or not, you need to consider what the cost of not having an adjuster might be." - Julie Hilton, President of Hilton Sun, Panama City Beach

Professional Help

"We decided to go with Altieri based on the knowledge and quality of their people. Without a professional public adjuster, there would be no money. You need professional help." - Jeff Mynard, General Manager of Dunes of Panama Management, Panama City Beach
