

# MEND™

NUTRITION FOR HEALING®

## OPTIMIZED NUTRITION TO SUPPORT SKELETAL MUSCLE HEALTH

As we age, the loss of muscle mass associated with the natural aging process can negatively impact strength, balance, mobility and overall vitality. Developed by renowned medical and nutrition experts, MEND Regenerate is a medical dietary supplement with a formulation of clinically proven nutrients designed to provide nutritional support to individuals concerned with this loss of muscle.

MEND Regenerate is available through your physician, orthopedic surgeon, physical therapist and other healthcare practitioners. Adding MEND Regenerate to your daily regimen will provide your body with the nutrient levels proven to support healthy skeletal muscle.

## INGREDIENTS & BENEFITS

MEND is produced 100% in the United States at a lab that meets the highest standards for ingredient purity and manufacturing quality. Our lab is certified NSF (Public Health and Safety Organization) and cGMP (Current Good Manufacturing Practices).

### PROTEIN COMPLEX

A blend of whey and casein proteins to help improve muscle protein synthesis and recovery

### MCT

Derived from coconut oil, it improves metabolism, increases fat burning and prevents muscle loss

### CIRCULATION COMPLEX

Antioxidant-rich complex supports circulation, muscle and bone health while reducing inflammation and oxidative stress

### BCAA COMPLEX

Promotes maximum muscle regeneration, protein synthesis and increased muscle mass

### ENZYME BLEND

Aids in the absorption of nutrients, reduces inflammation and helps to heal muscular-skeletal injuries

### HMB

Inhibits protein degradation, promotes muscle growth and prevents muscle breakdown.

### CREATINE

Enhances muscle strength, hypertrophy, endurance and performance in older adults

### AMINOGEN

Helps break down protein and increases levels of amino acids for repair of damaged cells, muscle tissue, and organs.

### CoQ10

Improves muscle metabolism of carbohydrates and lipids.

### VITAMIN AND MINERAL COMPLEX

Designed to support overall health and buffered to be gentle on the digestive system

### JERUSALEM ARTICHOKE

Supports digestion and the beneficial intestinal flora of your intestine
