

LEGACY ASSURANCE PLAN MEMBER REVIEWS

I have been very pleased with Legacy Assurance Plan. My plan was recently reviewed. An amendment was necessary due to changes in an insurance policy. The representative was very knowledgeable and was able to make that happen! Thank you for being there for me and my family! Stay safe and healthy!

Been wanting to set up a trust for my family for a long time, and along came Legacy Assurance plan. I proceeded to call them and was so impressed by the people I talked with, I set up a visit. I was blown away with their knowledge and professionalism that I signed up. Now with everything all put together, I feel a great sense of relief for myself and my family. Thank-you to all legacy people.

My husband and I are relieved and feel secure now that we have our end of life finances and health care needs established through our Legacy Assurance trusts. The agents walked us through creating our living wills, powers of attorney for finances and Healthcare, and organizing the various paperwork necessary to make transitions easier for our loved ones! They were professional, patient, and very knowledgeable. Thank you, Rachelle, Christine and Dan!
