

Robin

A pathway to college and career success for underrepresented New York City students starting in the 9th grade, supporting them for all four years of high school with academic, social-emotional development & college and career readiness.

Nominate your student for this innovative, multidimensional pathway program to launch in January 2022! This multi-year cohort will add 25 new students each year, supporting them in academics, social-emotional learning, career exploration and college advising.
