How Can a New Outlook Clipboard Improve Microsoft Suggested Reply AI?

Microsoft's AI software suggests replies to email. Better Faster Clipboard for Outlook improves upon this with better replies.

WESTERVILLE, Ohio, August 23, 2018 (Newswire.com) - In April this year, Microsoft Outlook introduced Suggested Reply for emails using Artificial Intelligence (AI). However, what if the AI suggestion isn't what the customer wants? What's the alternative? The answer is Better Faster's Clipboard for Outlook. Better Faster Solutions, a registered Microsoft® software partner, today released Clipboard for Outlook, a Microsoft Outlook® add-in. It allows customers to craft better email responses and reply with the click of a button. Better Faster Clipboard offers more than just email replies. It may save three weeks or more each year on routine Outlook tasks, according to Better Faster Solutions customer research.

Features & Benefits of Clipboard for Outlook:

Faster Responses
Save time answering repetitive questions. Reply to emails with canned responses. Create, edit, organize and access frequently used email messages, responses, attachments and meeting information all in one place.

> *"I installed the Clipboard for Outlook Add-In and was using it within minutes. It's so nice having formatted emails and attachments at a click of a button when prospecting and following up on new sales. I can easily send checklists or instructions to our clients creating a better enrollment experience and reduce our time responding to frequently asked questions. The ease of use is great!"*
