Since 2006, ESG Operations, Inc. has served as Rockdale County's wastewater partner providing the County with operations and maintenance services. Recently, the County elected to expand ESG's partnership to include wastewater collection and water distribution services. This expanded partnership will add an additional 44 employees to ESG's Team Rockdale—with a total of 70 ESG associates serving Rockdale County.

Located just east of Atlanta, Rockdale County is home to nearly 87,000 citizens and covers over 130 square miles. Rockdale County is a thriving community committed to "excellence in customer service, quality of life and global economic development."

"For close to 12 years, it has been a great honor for ESG to serve the Rockdale County community. We are grateful for the trust and confidence placed in our company by Chairman Nesbitt and the Board of Commissioners. As we look towards the future and our expanded role, we are committed to continuing to make a positive impact in Rockdale County by providing state-of-the-art services and exemplary customer service for its citizens, growth and advancement opportunities for employees, and meaningful contributions in the community that will assist with economic growth and development," stated ESG co-founder and principal Dan Groselle.

"Our Vision Statement clearly states that Rockdale County is dedicated to providing our citizens with excellence in customer service, quality of life and global economic development. Due to ESG's proven track-record as our wastewater partner, their reputation as a leader in the utility operations industry, and our shared values, we are confident they are the right partner for this expanded scope of work. We look forward to benefitting from their award-winning utility operations approach as they continue to serve our great community," commented Oz Nesbitt, Sr., Chairman, Rockdale County Board of Commissioners.

### **ABOUT ESG OPERATIONS, INC.**

ESG is one of the nation's fastest growing full-service utility operations and public works management companies—and the largest in the Southeast. With a team of over 750 talented associates, ESG works in partnership with municipal and private sector clients providing water, wastewater, public works, design-build-operate and water tank maintenance services. ESG is recognized as one of the nation's Top 200 Environmental Firms. ESG's corporate headquarters is located in Macon, Georgia, with 22 additional offices located throughout the Southeast.
