

# THE VETCOIN FOUNDATION

From: Dr. Aaron Bazin, President Vetcoin Foundation

First, thank you for your time and for taking a moment to read this letter, which is one of the most important I've ever written. I am writing you today to talk about the brave men and women in our Armed Services that defend the incredible freedoms and opportunities we share in this great country.

My name is Dr. Aaron Bazin, Co-Founder of Vetcoin Foundation (501c3), the most transformative and innovative nonprofit and charity benefiting our veterans by harnessing the power of blockchain, Web3, and Metaverse technologies. I served in the U.S. Army for over 20 years as a strategist and infantry officer and have experience in over 27 countries in Europe and the Middle East and over 400 combat missions.

I love our country, and I love the men and women I served with that often make the ultimate sacrifice around the globe to keep the American dream alive. I am committed to the Vetcoin Foundation because I wanted to use the experience I've gained in service of our great country to be of service to these brave service members.

Our veterans, these brave men and women, fought hard for the American dream. Too many return to civilian life without understanding how to benefit from the freedoms and opportunities they fought so hard to protect. Our desire and I hope yours, is to help veterans experiencing homelessness transition to stable and predictable living situations.

We are hosting a gala in Beverly Hills on October 6th, and I am asking you to join me in supporting our veterans, as they have supported us. Because frankly, they deserve it.

If you want to join us in this mission, please let me know a good time for us to continue this conversation.

Sincerely,

Dr. Aaron Bazin  
President & Co-Founder  
Vetcoin Foundation 501(c)3, 509(a)(3)  
Lieutenant Colonel (Retired), U.S. Army
