

116W L810 Incandescent Obstruction Light - Dual Lamp - Red Lens w/ Wire Guard - 220-240V

Part #: AVL-L810-2X-R-230V-WG

The AVL-L810-2X-R-230V-WG L810 Incandescent Obstruction Light by Larson Electronics is suitable for aviation lighting systems, military applications and obstruction lighting in general locations. This 116-watt luminary comes with dual lamp heads, operates on 220-240V AC and features a red fresnel glass globe for 360-degree visibility. The unit is compliant with FCC Rules and Regulations, Canadian Aviation Regulation, USAF ANA Standards and Canadian Standards Association.

The AVL-L810-2X-R-230V-WG L810 obstruction light may be used for nighttime obstruction marking of tall structures that may present hazards to air navigation. Featuring a red fresnel glass globe for 360-degree visibility, the 116-watt light operates on 220-240V AC with a lifespan of 4,000+ hours. This dual lamp head unit is constructed of cast aluminum with a natural finish and threaded globes. The lightweight luminary contains a gasket for globe seal and a threaded bottom 1" hub for mounting. When it comes to compatibility with traffic signal lamps, the unit accepts traffic signal lamps with USA medium screw base and European E27 base. This red obstruction light comes with wire guards for additional protection.

Applications: Aviation lighting, helipads, obstruction lighting, military lighting systems and more.

At Larson Electronics, we do more than meet your lighting needs. We also provide replacement, retrofit, and upgrade parts as well as industrial grade power accessories. Our craftsmen can custom build any lighting system and/or accessories to fit the unique demands of your operation. A commitment to honesty, quality, and dependability has made Larson Electronics a leader in the lighting and electronics business since 1973.

Contact us today at 800-369-6671 or message sales@larsonelectronics.com for more information about our custom options tailored to meet your specific industry needs.

Specifications / Additional Information

AVL-L810-2X-R-230V-WG 116W L810 Incandescent Obstruction Light - Dual Lamp - Red Lens w/ Wire Guard - 220-240V

Unit Type: L810 Incandescent Obstruction Light

Dimensions: 15" x 14.3" - 2 Lamps

Weight: 3 lbs

Voltage: 220-240V AC

Total Watts: 116

Lens Color: Red

Lens Type: Fresnel Glass Globe w/ 360-degree Visibility

Life Expectancy: 4,000+ hours

Housing Material: Cast Aluminum

Mounting: Threaded Bottom 1" hub

Globe Seal: Gasket

Obstruction Protection: Wire Guards

Unit Color: Light Gray
