USERWISE INC. STANDS STRONG AGAINST RACISM

San Jose, CA— UserWise, Inc. stands in solidarity with the Black community and all people of color against racism, especially during this difficult time in our country. We want to vehemently affirm UserWise’s stance as adamantly anti-racist and pro-social justice. We are committed to promoting equity in our company culture and practices.

We encourage our employees to reflect upon the history of racism and injustice in our country. Discussion has occurred and will occur going forward about how our company, as well as our employees, can stay vigilant against racism and social injustice.

While not an immediate cure, we believe that having this conversation is the first step to improving these issues and healing our nation.

“To bring about change, you must not be afraid to take the first step. We will fail when we fail to try” – Rosa Parks
