HIFI SOUND & DEEP RICH BASS

#1 BEST VALUE

THE \$66 SENSATION!

The Modern Portable HiFi ELITE Super 66 over-ear headphones are our proudest accomplishment to date. We have designed the Super 66 to delight everyone from teenagers to audiophiles, and it is priced so both can afford them. It's the perfect product at the perfect time.

We started by benchmarking much more expensive headphones (\$300) and determined how close we could get to the sound quality while maintaining Modern Portable's traditionally attractive price points. Then we contracted manufacture to a factory that makes these same expensive headphone brands. Finally, we priced our new headphones as low as we possibly could. That number was \$66, and so was born the HiFi ELITE Super 66.
