Natural Healing College
March 1, 2014

Dear Prospective Students:

I am pleased to invite you to join our community of holistic learners. We would like to congratulate you on choosing a path towards wellness and a career path helping.

An education from Natural Healing College offers you a number of options. It can be the foundation you'll need to pursue a challenging career, open your own business or simply to further your own knowledge.

Selecting the right holistic college to prepare for what you want from your education is a decision that requires careful consideration. You have to first ask yourself what do you wish to achieve from an education and what are your goals.

Our philosophical goal is to raise awareness and share holistic health knowledge that will allow everyone to enjoy healthier, happier and more fulfilling lives. Our goal as educators is to provide a learning experience where you learn modern applications of Holistic wellness and healing from many perspectives. In our interactive learning environment we strive to keep the most up to date information available both holistic and scientific.

This year and next year our focus is on class improvements and adding short certificate programs most of which will be applicable to one or more of our diploma programs, or specialist certificates, which can stand alone to add to your personal and career focus. NHC welcomes you to our network of proactive learners. In our collaborative online learning environment you will find people from a vast range of geo socio-economic backgrounds. Once again congratulations on taking the first step on the journey of a lifetime.

“A journey of a thousand miles begins with a single step”! LAO-Tzu

Wishing you great success!

C. L. Thomas

Online Home Study Programs at Your Convenience!

New Certificate Programs!!!

The goal with our certificate programs is twofold. First we understand that many people choose to study Holistic Wellness for personal and family wellness reasons so both the cost and time commitment of any diploma may not be realistic. We also understand that folk with degrees and diplomas want to take a few of our classes for continuing education. With our 2-5 class certificate programs we are striving to meet those needs and give you credits that you can use towards a diploma if and when you take the leap to any of our full diplomas.

Benefits of these shorter programs include

- Lower financial risk for folk nervous about online learning
- A greater ability to pick the classes you really want
- Any class you take that is part of a diploma lowers the cost of the diploma based on the credits you earn
- Best of all- there is no previous education requirement for many of our certificate programs
- Cost per credit is normally \$54 per credit hour
- A \$50 enrollment fee does apply if you are a first time student with NHC

As we continue to roll out new certificates over the course of the coming months we will offer occasional, short term discounts, on specific, new programs. Detailed certificate curriculums start on Page 15

Holistic Home and Family

This 3 class certificate program delivers classes containing practical home wellness remedies and prevention plans in the areas of herbs vitamins and even nutrition! All of the credits earned can be used in multiple diploma programs.

Family Herbalist certificate program

The goal of this 3 class certificate program is to deliver broad based foundational knowledge of practical herbal applications for both personal and family purposes. All of the credits earned can be used in multiple diploma programs.

Family Nutritional Wellness

This three class certificate program offers classes where you will learn the use of vitamins, minerals, supplements and how to holistic approach nutrition to prevent and reverse symptoms for hundreds of illnesses, and chronic disorders.

Holistic Nutrition Management certificate

This is a 3 class certificate program. These 3 nutrition classes are most often requested by people already in practice so we have bundled them into a single certificate!

NHC Diploma Programs

Foundations of Holistic Science certificate to start EZ pay.

Technically these 2 classes are a certificate program but this certificate, by design, is the first 2 classes in any diploma. When a student chooses any EZ pay program they begin with this certificate.

Ayurvedic Health Practitioner, AHP

This Program will prepare you to become an Ayurvedic Health Practitioner using the principles of Ayurvedic sciences with practical healing applications.

Holistic Health Practitioner, HHP

This Program will prepare you to become a Holistic Wellness Professional with the use of applied holistic health sciences, nutrition & alternative remedies.

Master Herbalist, MH

The Master Herbalist diploma program prepares you to be an herbal wellness practitioner and consultant. The classes you take here are also core classes for other programs such as Ayurvedic Health Practitioner or Holistic Health Practitioner. Credits from this Program will transfer to these advanced programs.

Nutritional Consultant, NC

This Program leads you on the path to become a Nutritional Consultant. You will obtain a deep understanding of Weight Management, Herbal Supplements, Anatomy Sports Nutrition and much more.

- Author Books and Articles in Healthy Living
- Prevention & Holistic Alternatives
- Work with other Holistic Practitioners
- The possibilities are endless

Prospective Students:

A college education offers you a number of options. It can be the foundation you'll need to pursue a challenging career or the background to further your knowledge.

Selecting the right holistic college that will help you prepare for these options is a decision that requires careful consideration. You have to first ask yourself what do you wish to achieve from an education and what are your goals.

Before you make that important decision, we would like you to learn more about what Natural Healing College has to offer you.

About Us: Natural Healing College is a distance learning institute offering online, high quality, on demand, vocational education in the fields of Holistic Health Science. At NHC we have modeled our online classes to give individual one-on-one attention to every student in a dynamic computerized virtual environment from the convenience and comfort of your own home.

Students can monitor their academic performance in real-time. By eliminating the need to mail in papers, tests, and quizzes, you no longer have to wait weeks to find out results. Exams and Lessons are instantly graded and essays that you write receive personal online teacher comments twice a week!

NHC welcomes you to join our network of proactive learners, who are from a vast range of socio economic backgrounds in a collaborative online environment. All classes are offered online. All the class work is completed online where ever you have a computer and high speed Internet access.

California Bureau for Private Postsecondary Education

NHC is operating under exemption from
licensees per state code- 94874(f)

Memberships

American Association of Drugless Practitioners Natural Healing College has achieved the AADP approval status; this means that the education that you earn through our programs are authorized and approved by a board of educators and professionals alike. NHC students who desire to be Board Certified Practitioners can immediately apply for board certification through the American Association of Drugless Practitioners following their graduation. Once you have achieved the necessary credits for graduation, instructions for application will be sent to you. Current and prospective students may contact us for more information at:

Contact: (888) 764-AADP, <http://www.aadp.net/>

American Naturopathic Certification Board has approved NHC's graduates qualify for the ANCB's national certification examination. With these exams, the NHC graduates of the Holistic Health Practitioner program & Nutritional Consultant program can now earn a designation Certified Holistic Health Practitioner and Certified in Nutritional Wellness.

Contact: (406) 543-6154, <http://www.ancb.net/>

American Council of Holistic Medicine (ACHM) gives its approval to NHC's programs for Holistic Health Practitioner, Ayurvedic Health Practitioner, Nutritional Consultant, & Master Herbalist. Graduates are now eligible to apply for specialization, board certification & credentials.

Contact: (805) 644-2246, <http://www.theachm.org/>

You should note that these are independent agencies and neither they nor NHC is recognized as part of any higher education accreditation organization under United States Department of Education(USDE).

The BETTER BUSINESS BUREAU

Natural Healing College is a BBB approved business.
www.BBB.org

Diploma and Certifications

Students receive a diploma upon graduation from Master Herbalist, Nutritional Consultant, Holistic Health Practitioner or Ayurvedic Health Practitioner programs. Students completing a certificate program will be shipped a professional certificate. The greatest financial reward with diplomas of this type is found in private practice. A diploma or certificate from NHC credits our graduates with the highest professional standards. We teach our graduates skills to consult and teach wellness, and holistic nutrition information with great competence. A graduate of NHC should not be confused with a licensed medical doctor. NHC Students are training to become Wellness Consultants in specific disciplines. You cannot diagnose, prescribe or treat symptoms, defect, injury, or disease pursuant to California Business and Professional Code 2052. You can do wellness counseling or coaching as a wellness practitioner or consultant. Our use of the word “clinical” refers to working in a clinical environment and does not imply being a licensed doctor or practicing medicine. Students are responsible for determining the legal issues involved in conducting a holistic health or holistic nutrition practice in their state or locality. We recommend you contact your state or local government for legal interpretations as the laws differ from place to place.

Disclaimer

By enrolling in or otherwise affiliating with Natural Healing College, all system users agree to NHC terms and conditions. This catalog is subject to revision and change and is current as of 4/30/2014

Programs

We are pleased to offer 4 diploma programs and numerous certificate programs that are not only self-benefiting, but also intellectually stimulating and challenging.

Ayurvedic Health Practitioner (AHP)

Holistic Health Practitioner (HHP)

Master Herbalist (MH)

Nutritional Consultant (NC)

Mission Statement:

Our mission is to advance knowledge of and educate the community about the importance of healthy living to improve the quality of life using Holistic health concepts aimed at balancing body, mind and spirit.

Goals:

Our goal is to deliver the best platform for holistic education and fully prepare future graduates of our programs to solve many modern wellness challenges. We choose to make a difference in our community through integration of holistic techniques and modern science concepts.

Vision

Our vision is to raise the standards in Holistic education and set future benchmarks in order to provide our students not only the best education, but also to give them the opportunity and credibility to enter the Holistic world with conviction and confidence.

Beyond the personal satisfaction you'll experience helping others increase their longevity, and quality of life. Holistic health and wellness is a trillion dollar industry. Every year more educated, well off people are looking for alternative and holistic approaches to healing, disease prevention and holistic alternatives to often harsh pharmaceutical drugs.

Top Ten Reasons Students Choose NHC

- 1. Technologically Delivered Advanced Holistic Education**
- 2. Low Tuition, Flexible Payment Options**
- 3. Online Lectures, Lessons and Instant Exam Results**
- 4. Textbooks by well-known Authorities in Holistic and Alternative Concepts**
- 5. Post Graduate and Internship Support**
- 6. Quality in-depth and challenging education**
- 7. Professional staff and teachers**
- 8. Free online resources & tools**
- 9. Online student/teacher interaction**
- 10. Student forums and student interaction**

Non-Discrimination Policy

Natural Healing College provides full and equal employment opportunities to all qualified persons without regard to race, color, religion, sex, sexual orientation, national origin to prohibit discrimination in recruitment, employment or conditions of employment, including salary and benefits related thereto, to promote employment opportunity and to take affirmative action in this regard.

Affirmative Action means the elimination of existing discriminatory conditions whether purposeful or inadvertent. This non-discrimination policy applies to all persons.

30 Day Refund Policy:

NHC recognizes that sometimes applicants may sign up for a class without fully understanding what will be expected of them. The State of California requires a 7 day refund policy. We take that one step further. NHC has a 30 day refund policy. A student has a right to cancel the agreement and receive a refund, minus the US cover price of textbooks for any textbooks delivered, shipping charges incurred by NHC and a \$50 enrollment fee, for 30 days after payment. Other conditions apply, such as- proration based on class progress.

The student agrees to a 15-20 minute exit interview before billing can issue an actual refund. Exit interviews will be conducted by phone with a manager chosen by NHC. Exit interviews are conducted by appointment between 9am and 5pm PST on normal business days. All such refund requests should be addressed to refunds@naturalhealingcollege.com. All refund requests should include the student choice of time, day and the phone number they wish to be called at to conduct their exit interview.

These refund and cancellation policies represent a substantial change from past policies. These refund policies are effective August 25, 2013 and only affect students enrolling after that date. Students who previously enrolled should contact registrar@naturalhealingcollege.com for a copy of the refund policy that they were promised.

2014 Holiday Schedule

Friday, July 4 Independence Day

Monday, September 1 Labor Day

Monday, October 13 Columbus Day

Tuesday, November 11 Veterans Day

Thursday, November 27 Thanksgiving Day

Thursday, December 25 Christmas Day

*This holiday is designated as "Washington's Birthday" in section 6103(a) of title 5 of the United States Code

Transfer of Credit Policy:

NHC -to- NHC

Any NHC class can be transferred into other programs at NHC. Students that wish to continue to other programs that may have the same preliminary class or classes do not need to retake duplicated classes. You only pay for the credits needed!

Other Institutes -to- NHC

If you have attended another institute and you have decided that NHC is a good fit for you, NHC welcomes you to apply and request credit transfer to any of our programs. Credit transfer to NHC will be subject to review and evaluation of each Program completed with a C or above satisfactory grade, provided the Programs correspond in time and content to Programs offered at the Natural Healing College. Only classes that directly correlate to NHC curriculum are eligible for transfer. Please note that credit transfers are subject to a \$25.00 per credit hour transfer fee, which covers the time and cost associated with evaluation of each class associated with the transfers. In case the credit is not accepted then the full credit evaluation fee is returned.

In compliance with current BPPE regulations credit acceptable for transfer purposes must be earned at a school approved by the Bureau for Private Postsecondary Institution or accredited by an accrediting association recognized by the U.S. Department of Education. For foreign institutions documentation of equivalency must be provided. Credits earned through USDE recognized testing like the CLEP or Dantes are the only acceptable test out credits. ACE credit evaluations of college level work are accepted for transfer. No more than 75% of class credits from any non NHC source will be accepted for a program.

NHC does not accept credit transfers for experiential learning and does not offer ability-to-benefit services. Credit transfer forms and instructions can be downloaded from http://www.naturalhealingcollege.com/dl/credit_transfer.php

NHC -to- Other Institutes

NOTICE CONCERNING TRANSFERABILITY OF CREDITS AND CREDENTIALS EARNED AT OUR INSTITUTION

The transferability of credits you earn at Natural Healing College is at the complete discretion of an institution to which you may seek to transfer. Acceptance of the diploma you earn in Master Herbalist, Ayurvedic Health Practitioner, Holistic Health Practitioner, or Nutritional Consultant program is also at the complete discretion of the institution to which you may seek to transfer. If the credits or diploma that you earn at this institution are not accepted at the institution to which you seek to transfer, you may be required to repeat some or all of your class work at that institution. For this reason you should make certain that your attendance at this institution will meet your educational goals. This may include contacting an institution to which you may seek to transfer after attending Natural Healing College to determine if your credits or diploma will transfer.

Articulation Agreements

This institution has not entered into any transfer or articulation agreements with any other college or university.

Attendance Policy

Natural Healing College is a distance online learning college, thus allowing the classes to fit around your schedule. The Foundations of Holistic Science program has a 16 week time frame to complete but extensions are available. All other programs have 2 year limits. Classes are self-paced with no strict attendance policy so setting yourself up on some sort of personal schedule and monitoring your own progress can be very, very important to completing your diploma program in a timely fashion. If you are unable to work in classes for a month or more you should request a leave of absence,

Students who have the self-discipline to set a weekly schedule of 8-10 hours a week in the actual learning system and 4-5 writing offline and reading their textbooks offline typically complete a single diploma in 6-12 months but we do- by our contract with you- allow up to 2 years to complete any program.

If any government agency or an employer asks us to verify your status as a student you must be on a pattern of weekly logins. Part time is considered to be logging in and working 1-2 hours per week and completing 1 chapter every 2 weeks. Full time is considered to be logging in more than 4 hours per week and completing 1-2 chapters per week.

Payments

Payments can be made using a major credit card, personal check, or money order. Classes are offered and paid for either

- ala cart based on pre requisites having been met (we call this EZ pay)
- Under a 6 month payment plan
- Payment in full

Financial Aid

NHC does not participate in Federal or State financial aid programs. NHC is not a title 4 school.

If a student obtains a loan to pay for an educational program, the student will have the responsibility to repay the full amount of the loan plus interest, less the amount of any refund, and if the student has received federal student financial aid funds, the student is entitled to a refund of money not paid from federal student financial aid program funds.

Consumer Disclosure

Natural Healing College has never filed for bankruptcy petition, operated as a debtor in possession or had a petition of bankruptcy filed against it under Federal law.

Admission Standards

All students who wish to enroll in any of our diploma programs must be at least 18 years of age, be a high school graduate, possess a General Education Development (GED) certificate or have completed any certificate program at NHC.

International Students

International students, with no US educational background, are required to either complete a certificate program at NHC or have their previous education evaluated an independent evaluator who is a member of NACES. That list is at <http://www.naces.org/members.htm>

Students for whom English is a second language will be required to submit official English test scores. The IELTS examination is accepted with a 7 or better band score (academic modules). TOEFL/TOEIC documents are accepted. The minimum accepted score for the TOEL is 80 for the Internet-based test and 550 for the paper-based test. TOEIC will require 550 or above The IELTS examination is accepted with a 7 or better band score (academic modules).

If you studied outside the USA or a US territory evidence of high school graduation or equivalent must be presented to NHC in one of the following forms

- A NACES member evaluation of an original high school diploma
- A NACES member evaluation of a high school transcript indicating the date of high school graduation
- An official transcript from any USDE accredited high school, college or university indicating at least 6 earned college class credits

These documents will not be returned to the student and these submitted documents become the property of student records.

General Information for International Students

Natural Healing College does not offer visa services to prospective students from other countries or English language services. NHC does not offer English as a Second Language instruction. All instruction occurs in English.

International books and material- Due to past issues with customs and duties we don't ship any books or materials to non-US destinations. International students are responsible for arranging their own books. NHC will provide a book list and students can try to source the books from Amazon or other retailers before enrolling for the class, course or program. NHC will issue a refund for the books based on the actual US publisher's retail list price- to be determined on a book by book basis. In all the cases, the receiver is responsible for all the taxes, duties, customs and brokerage fee, if any.

International Graduation Packages- Due to past issues with international delivery international graduation packages are shipped USPS Global Express, flat rate document package, with tracking and signature required where available, at the student's expense. Student cost will be the true shipping cost to their destination. These fees cannot be quoted in advance due to the fluctuating nature of such costs.

You must complete the Distance Learning Questionnaire and an International Application to determine if online learning is a good fit for you.

Distance Education Equipment Requirements

You must be comfortable and confident with basic computer tasks such as email, attaching files, using the Internet, and word processing. Students are required to have a desktop or laptop computer in their own home. PCs must have an XP, Vista, Win7 or Win8 operating system or better, Macs required operating system 9.1+ and OS X or better. Computers should have at least 1 GB RAM, and sufficient hard drive space to hold files. Computers must have sound card, speakers and a microphone. Students need a Broadband Internet connection such as Cable or DSL. An email address, not shared with spouse or family members is required. Accepted browsers are Internet Explorer 8 or better or Firefox current version. Other incidental software is required. Free download links for incidental software programs are provided in the online learning system.

If you're ready to start your new career with NHC, but are not sure which program is right for you, speak to one of our experienced admission counselors today. We will help you explore your interests, discover your talents and guide you in the right direction.

Telephone: (209) 390-8076 extension 111
Fax: (209) 390-8078
Email: registrar@naturalhealingcollege.com

Registration Procedures

Students can apply for enrollment by visiting the following URL:
<http://www.naturalhealingcollege.com/tuition/>

After you complete an application for the program you wish to pursue, our admissions department will review your application, verify that you are eligible to enroll and in some cases schedule an appointment to help you with all the additional documentation necessary to approve your admission. Upon approval they will send you a letter with payment instructions. If you pay online, as most students do, the payment confirmation page will contain all of the details to start Orientation within a matter of minutes.

Student Complaints

Student complaints that are not resolved in normal channels should be addressed to our student affairs sc@naturalhealingcollege.com. We will always do everything in our power to resolve any disputes that may arise. If you feel that the issue cannot be resolved via e-mail or a phone call from one of our staff, you can also write to the

Director of NHC:
Natural Healing College
446 E Vine Street
Stockton, CA 95202

As a prospective student, you are encouraged to review this catalog prior to enrollment.

Submission Policy

All of our Programs are online, real time and asynchronous. NHC's online platform allows all of our students to review lessons, exams, and submit written assignments with the expectation of teacher responses twice weekly through our online learning environment. Even your final project is submitted in real time and manually graded in 10 days or less.

Grading Assessment

Completion of 70% or better is required to pass a class and continue to the next class. Evaluation is provided in real time so that a student can monitor their progress in real time.

Grade	(%)	Average	
A	93-100	4.0 - 3.13	W = Withdrawal
B	85-92	3.0 - 2.13	I = Incomplete
C	77-84	2.0 - 1.13	
D	70-76	1.0	
F	0-69	0.0	
I	0	0.0	
W	N/A	N/A	

The word transfer appears beside the class name for any transferred credits.

Student Classifications and Unsatisfactory Progress Procedures

NHC has always been committed to working around your schedule. *We fully understand that we cater to working adults who need flexible schedules. The California Bureau for Private Postsecondary Education requires a student progress reporting system from all private schools for purposes of consumer protection. Our goal is to keep your schedule as flexible as you need it and to comply with this new regulation.*

Voluntary Leave

If you *know* you are not going to be able to attend classes for more than 30 days visit <http://www.naturalhealingcollege.com/loa/> and fill out a request. You can also send an email to loa@naturalhealingcollege.com and the web address will be sent to you by auto reply. Common reasons include personal or family health issues, economic distress, childcare issues and specific changes in situation like military deployment or job relocation. Properly requested Leave of absences are always granted but no single leave (*except medical leave with a doctors letter, military deployment or natural disaster*) is longer than 90 days. Total time on leave shall not exceed %50 of your program time. There is no reinstatement fee when you are ready to return to classes from voluntary leave. Being on a Voluntary Leave of Absence “freezes the clock” on your time to complete a program.

Suspended Leave

If you *fail* to access any classes for 60 days or more NHC will attempt to contact you by phone and or email to help you set up a Voluntary Leave. *If you fail to respond to these contact attempts your learner account will be placed into a suspended Leave status. Reinstatement fees may apply. A suspended leave extending beyond your program length will result in an involuntary withdrawal.*

Maximum Leave

In compliance with federal guidelines total leave of absences shall not exceed %50 of your programs length. Multiple leaves of absence may be permitted provided the total of the leaves does not exceed this limit.

At Risk for Unsatisfactory Progress

Every 2 months during the last week of the month a report will be generated showing all students who have not logged in for 6 weeks or more. Acceptable resolutions to the contact attempt may range from

- a personal technical coaching session
- or class content coaching session by phone,
- an extension as needed,
- a leave of absence if more than 2 months of inactivity is anticipated.

Notes regarding these contacts will be left on the student's profile in a field only visible to staff members.

Unsatisfactory Progress and Contact Procedures

If NHC is unable to contact an 'at risk' student for 5 (five) business days, either by phone or the email address in the learning system, the student's login will be frozen until the student contacts the school. If there is no contact after an additional 30 calendar days the student will be considered to be on suspended leave due to failure to attend classes. Anyone placed in this status should (within their enrollment period) contact us to resume their program. Return from suspended leave of absence will require the student to submit and adhere to an exacting schedule. Reinstatement fees will apply.

Reinstatement

Normally unfreezing a student account is accomplished within one business day assuming that the student completes the form at <http://www.naturalhealingcollege.com/rloa/> and submits a schedule that will lead to a reasonable graduation date.

*None of these steps are intended to be punitive. We will work with you in every possible way to help you complete your chosen program in a timely manner that works with your schedule and adheres to **BPPE** regulations. Guidelines are subject to change without notice in the event of regulatory changes.*

Extensions

Under extraordinary circumstances you may require an extension beyond your 2 year enrollment period. To be eligible for an extension a student must have completed 2/3 of the credits for the program they are enrolled in. In the last month of your enrollment period you should visit <http://www.naturalhealingcollege.com/er/> to make this request. Extension requests made more than a month before they are needed are not valid. In compliance with BPPE guidelines extensions shall not exceed 50% of the program length. Extensions are granted in 90 day blocks of time in order to monitor your progress closely.

Probation and Dismissal

NHC Reserves the right to dismiss or implement probation for any student who is found to be guilty of plagiarism, failure to attend classes for 90 days, copyright violation or deliberate academic dishonesty in their program work.

Graduation Requirements

A student will be eligible for graduation upon meeting the following conditions:

1. Completed all required hours / semester credits
2. Received a 70% or better in all classes; and
3. Cleared all financial obligations.

Student Services

Continuous Improvement is one of the ethics codes we strictly adhere to. Our objective is to provide the student with education that will allow them to develop and reach their personal and professional goals so that they can achieve excellence. We take each and every student's feedback, comments and suggestions seriously. If there is something on your mind that you would like to share with us, please email.

sc@naturalhealingcollege.com

Graduate Support

We offer support for graduates that are interested in obtaining experience in a holistic business environment. We offer letters of recommendation, diploma acquisition and more. We work with other holistic businesses around the continental USA to arrange for volunteer work and internship opportunities for our graduates giving them some hands-on experience. If you are a graduate and you would like to work in a holistic business in your community, let us know. No one, in any industry, can guarantee a job upon completion of any diploma or degree. We have no formal placement assistance program but we do offer both a plethora of 3rd party

information and links to industry wholesalers, SBA resources, and information on everything from dressing for success, to out-of-the box ways to use the education you gained with us to generate income for a long, successful career. The truth is these diplomas are designed to prepare you to be a private practitioner in the field you are studying for.

Library

Textbooks for your classes are shipped once your payment clears. As an online school maintaining a physical library would be of little or no use to our students. We maintain an extensive library of eBooks, articles and links to published and publically available Holistic research in our Human Bean Coffee House “class” that is open to all students. Additional materials for both research and learning materials specific to each class are found in the actual individual online classes.

Internship Assistance/Volunteer Work

A limited number of internships are available upon completion of full diploma programs. There are no internships offered after completing certificate programs. All internships opportunities are in the United States and are subject to availability. No educational visa services are available for interns. NHC graduates enjoy the ability to apply their education in a “hands on” environment with professionals in the holistic field to gain real life experience. We do not offer the work or internship; we simply facilitate the platform to bring the businesses and graduates together.

Contact us today about our Internship programs.

Telephone: (209) 390-8076 ext 711

Email: interns@naturalhealingcollege.com

Technical Support

Our dedicated technical support department can help you with account related or any other technical issues with the online student learning platform. The support department is either open or on call by phone 7 days a week from 9AM-6PM PST

Telephone: (209) 390-8076 extension 999

Email: support@naturalhealingcollege.com

Student Records

Student records will be maintained at the school site for five years from the last date of attendance.

Transcripts are maintained permanently.

Semester Credit Hours

One semester credit hour is equivalent to 15 clock hours.

Conduct

Conduct for which students are subject to sanctions falls into academic dishonesty such as cheating, plagiarism, and sabotage.

Faculty members have a special obligation to expect high standards of academic honesty in all student work. Students have a special obligation to adhere to such standards.

Housing

As a 100% distance education program, National Healing College does not assume responsibility for student housing, does not have dormitory facilities under its control, nor offers student housing assistance. Rental properties within the United States can be found at rentals.com.

Student Handbook

A download link for the Student Handbook is located in every online class lobby or at http://www.naturalhealingcollege.com/pdf/free_student_handbook.php

NHC Faculty Policies

All NHC teachers have no less than 3 years' experience practicing in their specific area of instruction and/or a USDE recognized degree from a University.

NHC provides planned training to all of our instructors in various components of online class design and instruction. Teachers take annual CEU classes from recognized organizations and schools in either Education or Alternative and Traditional Health fields.

Certificate Curriculum

Certificate programs at Natural Healing College are short 2-6 class programs designed for both personal growth and to act as continuing education in holistic wellness and traditional medical professional fields.

There are no previous education requirements for our certificate programs. Credits earned in certificate programs can be transferred into any applicable NHC Professional diploma programs at no cost to our students.

Aromatherapies certificate program

Aromatherapy as a field has many applications in the holistic wellness industries, traditional medicine and is an industry unto its self. Practitioners massage therapists, cosmetic and soaps manufactures, even mental health practitioners all find practical applications for aromatherapy in their businesses. The NHC Foundations of Aromatherapy Certificate covers more than 200 wellness uses of essential and absolute oils as well as recipes and formulae. The goal of this certificate program is to deliver broad based foundational knowledge of practical aromatherapy applications for both personal and professional purposes.

This short certificate program is an excellent "toe in the water" for traditional healthcare professionals beginning to explore alternative health modalities. It is a powerful experience to understand how something as simple and natural as oil from a plant can promote balance in an anxious mind and act as a powerful antiseptic or antifungal. This class gives you the foundations that can allow you to offer alternatives to manmade drugs and chemicals. Understanding how aromatherapy brings about an extraordinary strengthening of the body's self-healing abilities is inspirational and empowering.

There is no application or prerequisite to take this certificate program so you can enroll and get started when you are ready! **\$374.00 - Total Tuition and enrollment** Includes \$50.00 enrollment fee, textbook & free shipping within the USA only.

Diploma programs at NHC are 20-45 credit programs designed to prepare students to enter the holistic wellness professions with the scientific knowledge to work in their chosen field helping the ill and the well live in a state of wellness.

Ayurvedic Health Practitioner Diploma Curriculum

The Ayurvedic Health Practitioner Program will provide you applied knowledge on how to properly and safely work with vitamin or herb therapies for various diseases and disorders from Ayurvedic perspectives. If you already have a practice, are involved in teaching of eastern practices like yoga or have a holistic business this program can be an amazing addition to either. This is a highly specialized program and not suggested for students just starting in the holistic fields. If you are just starting in this field we suggest considering the Master Herbalist diploma first. All of those credits are fully transferable to the Ayurvedic Health Practitioner Program. (see Transfer of Credit Policy: NHC -to- NHC for details)

This Program will teach you the principles of Ayurvedic wellness practices. You will also learn practical applications of medicinal herbs for disease prevention, disease therapies along with natural alternatives to over-the-counter and prescription drugs.

Program Information

Each Class is divided into textbook chapters or sections of chapters which will henceforth be referred to as topics. Each topic contains reading assignments, glossary words, one auto graded lesson, and short compositions. Every class contains numerous audio/video lectures, resources and learning aids. All classes contain a challenging open book auto scored midterm and final exam. All auto graded activities allow multiple retakes where only the highest score achieved is counted in your overall class average.

Classes, Credit Hours, Clock Hours and Prerequisites

The Ayurvedic Health Practitioner program will take approximately 9-12 months to complete, assuming you are working 4-6 hours per day on business days but work at your own pace- you have 2 years to complete the program and extensions are available. If you are a focused, self motivated learner and want to graduate quickly put in more weekly time. We will not hold you to a schedule! The time required to complete the program is up to you!

Three Plans for the Ultimate Payment Flexibility!

Option 1: Maximum Saving

If you are making a full payment then you just pay \$2,115 for tuition plus our normal \$50 enrollment fee. We include your textbooks and shipping anywhere in the USA! Imagine- a full diploma, 15 online classes, real teachers and modern textbooks for this cost!

Option 2: Zero Interest Payment Plan

With this plan you pay \$760 (1/3) down then make 6 monthly auto billed payments of \$256 each. We will include and order all of your textbooks shipped anywhere in the USA and you can start classes the same day you make your down payment!

Option 3: EZ Pay as you go

\$320 to get started! That covers everything for your first two classes, including enrollment fees, books and domestic shipping. After that pay for classes as you progress. No financing contract required, no other fees or special charges. We will even lock you in at \$54 a credit hour for 2 years or until you complete your diploma- whichever comes first and books are still included!

Master Herbalist Diploma Program Curriculum

The Master Herbalist Program will provide you applied knowledge on how to properly and safely work with vitamin or herb therapies for various diseases and disorders from a Holistic perspective. This Program will

teach you the principles of applying Holistic Health Science in today's health world. You will also experience practical applications of medicinal herbs for disease prevention, disease therapies and natural alternatives to over-the-counter or prescription drugs.

The material in the Program will give you a foundation that will support your personal growth and enable you to educate others in these life supporting principles. This distance learning program and succeeding optional volunteer internship opportunity will prepare you for serving your community as a Master Herbalist.

Program Information

Each Class is divided into textbook chapters or sections of chapters, where each division contains reading assignments, glossary words, one auto graded lesson, and short compositions. Every class contains numerous audio/video lectures and resources and learning aids.

All classes contain a challenging open book auto scored midterm and final exam. All auto graded activities allow multiple retakes where only the highest score achieved is counted in your overall class average.

The final class consists of an eBook, developing a business plan based on the area where you are going to be practicing, designing the client intake paperwork you will use as well as client based research assignment project papers.

Classes, Credit Hours, Clock Hours and Prerequisites

The Master Herbalist program will take approximately 4-9 months to complete, assuming you are working 4-6 hours per day on business days but work at your own pace- you have up to two years to complete the program, extensions are available if you need more time. If you are a focused, self motivated learner and want to graduate quickly put in more weekly time. We will not hold you to a schedule! The time required to complete the program is up to you!

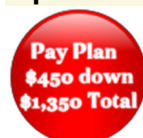

Three Plans for the Ultimate Payment Flexibility! Something for every pocketbook size!

Option 1: Maximum Saving

If you are making a full payment then you just pay \$1,222 for tuition plus our normal \$50 enrollment fee. We include your textbooks and shipping anywhere in the USA! Imagine- a full diploma, 8 in depth online classes, real teachers and modern textbooks for this cost!

Option 2: Zero Interest Payment Plan

With this plan you pay \$450 (1/3) down then make 6 monthly auto billed payments of \$150 each. We will include and order all of your textbooks shipped anywhere in the USA and you can start classes the same day you make your down payment!

Option 3: EZ Pay as you go

\$320 to get started! That covers everything for your first two classes, including enrollment fees, books and domestic shipping. After that pay for classes as you progress. No financing contract required, no other fees or special charges. We will even lock you in at \$54 a credit hour for 2 years or until you complete your diploma- whichever comes first and books are still included!

- Can't decide?
- A little short on cash this month?

Get started *now* with the first two classes. We will offer this to you again a couple of weeks before you finish your first two classes! If paying by check or money order, call us at (209) 390-8076 extension 111
